### National Council for Prescription Drug Programs Fields

The tables below list the National Council for Prescription Drug Programs (NCPDP) fields that Wisconsin SeniorCare uses to collect and provide information for adjudicating SeniorCare Point-of-Sale claims in addition to the fields used for Wisconsin Medicaid. All format modifications for SeniorCare claims will also apply to Wisconsin Medicaid claims.

SeniorCare-Related Claims Submission Format Changes	
NCPDP Field 433-DX Patient Paid Amount (Optional)	
NCPDP definition	Amount received from a patient for the prescription dispensed.
SeniorCare format changes	SeniorCare requires pharmacies to enter the participant's out-of-pocket expenses for the prescription dispensed (i.e., copayments/coinsurance related to the primary billing or the amount paid by the participant less the discount related to a pharmacy discount card).

SeniorCare-Related Claim Response Format Changes	
NCPDP Field 504 Message (Required)	
NCPDP definition	Free form text.
SeniorCare format changes	SeniorCare formats this field to display the total amount the participant has yet to pay before satisfying his or her spenddown and the total amount the participant has yet to pay before satisfying his or her deductible.
NCPDP Field 505 Patient Pay Amount (Required)	
NCPDP definition	Amount to be collected from the patient.
SeniorCare format changes	SeniorCare provides the total amount of copayment, spenddown, and/or deductible for which the participant is liable for the prescription. This is the amount to be collected by the pharmacy, regardless of copayment/coinsurance indicated by the primary insurance.
NCPDP Field 513-FD Remaining Deductible (Optional)	
NCPDP definition	The amount in dollars not met by the patient/family in the deductible plan.
SeniorCare format changes	SeniorCare provides the total amount the participant has yet to pay for prescription drugs before his or her spenddown and deductible amounts have been satisfied for his or her current eligibility period.
NCPDP Field 517-FH Amount Applied to Periodic Deductible (Optional)	
NCPDP definition	Amount to be collected from a patient that is applied to a periodic deductible.
SeniorCare format changes	SeniorCare provides the total amount from the claim that has been applied to the participant's annual spenddown and deductible.
NCPDP Field 518-FI Amount of Copayment/Coinsurance (Optional)	
NCPDP definition	Amount to be collected from a patient that is due to a per prescription copayment/coinsurance.
SeniorCare format changes	SeniorCare provides the total amount of copayment for which the participant is liable.
